KarimStore — *ASP.net project*

https://github.com/Noureldin-Ahmed-FullStack/KarimStore

My personal CRUD app,

1st June, 2023, 25th June, 2023, I created my First CRUD app using Asp.net with MVC 5,
The goal was to make an online shopping website for a small supermarket. the GitHub link can only show you the code;
If you would like to view the application; I have a video showcasing the app.
https://www.youtube.com/watch?v=sLnUgg14i-A

Route front end assignments:
